Services Overview

• IT & Technical Support • Software and Hardware Troubleshooting • MS Office, ERP, and POS Data Entry • E-Commerce and Website Maintenance • Client Communication and Support (Online/Offline) • Social Media Content Management • Booking Support • Graphics Design • Video capture, Editing and Vlog Production

Professional Summary

Versatile IT & Digital Operations Specialist with 5.5+ years of experience supporting resort-style businesses through system administration, operations, and creative media production. Skilled in troubleshooting, client support, website management, and content, graphics, creation and manage. Adept at inhouse work-flow & systems, enhancing digital visibility, and ensuring smooth technical and administrative workflows. Proven ability to deliver multi-departmental support across front-desk hospitality, and inhouse tasks.

Career Objective

I offer a unique blend of creative, technical, and guest-facing services that support multiple departments within a resort or hospitality business. My capabilities span across media production, digital operations, IT support, and guest services — making me a versatile asset for any resort team.
